Special Issue: The Role of Agroforestry and Perennial Pasture in Mitigating Waterlogging and Secondary Salinity

Personal report 1

Preface 3

An overview of water logging and salinity in south-western Australia as related to the 'Ucarro' experimental catchment
D.J. McFarlane (East Perth, Australia) and D.R. Williamson (Woodlands, Australia) . . . 5

A case study of farm-based solutions to water logging and secondary salinity in southwestern Australia
P.J. Rundle and B.F. Rundle (Katanning, Australia) 31

Measuring and monitoring the effects of agroforestry and drainage in the 'Ucarro' sub-catchment
G.A. Hodgson, G.A. Bartle, R.P. Silberstein, T.J. Hatton (Wembley, Australia) and B.H. Ward (Albany, Australia) 39

Predicting and controlling water logging and groundwater flow in sloping duplex soils in western Australia
T.J. Hatton, G.A. Bartle, R.P. Silberstein, R.B. Salama, G. Hodgson, P.R. Ward, P. Lambert and D.R. Williamson (Wembley, Australia) 57

Water use and root growth by annual and perennial pastures and subsequent crops in a phase rotation
P.R. Ward, F.X. Dunin and S.F. Micin (Wembley, Australia) 83

Lucerne pastures to sustain agricultural production in south-western Australia
R.A. Latta (Katanning, Australia), P.S. Cocks (Nedlands, Australia) and C. Matthews (Katanning, Australia) 99

Development of a rainfed lucerne-based farming system in the Mediterranean climatic region of southwestern Australia
G.A. Bee and G. Laslett (Jerramungup, Australia) 111

Economics of deep-rooted perennials in western Australia
A. Bathgate (Bentley, Australia) and D.J. Pannell (Crawley, Australia) 117

Water use by contour-planted belts of trees comprised of four *Eucalyptus* species
D.A. White, F.X. Dunin, N.C. Turner (Wembley, Australia), B.H. Ward (Katanning, Australia) and J.H. Galbraith (Wembley, Australia) 133

Soil water relations, crop production and root pruning of a belt of trees
G.S. Woodall and B.H. Ward (Katanning, Australia) 153

Tree–crop interactions: manipulation of water use and root function
C.K. Ong (Nairobi, Kenya), J. Wilson, J.D. Deans (Scotland, UK), J. Mulayta (Muguga, Kenya), T. Raussen (Nairobi, Kenya) and N. Wajja-Musukwe (Kampala, Uganda) 171

An index for quantifying the trade-off between drainage and productivity in tree–crop mixtures
R.J. Stirzaker (Canberra, Australia), E.C. Lefroy (Wembley, Australia) and T.W. Ellis (Canberra, Australia) 187
Sustainable cropping systems for high rainfall areas of south-western Australia
M.L. Poole, N.C. Turner (Wembley, Australia) and J.M. Young (Kojonup, Australia) 201
Restoration of saline land through revegetation
E.G. Barrett-Lennard (Kalgoorlie, Australia) 213
Mechanisms and control of water logging and groundwater flow in the 'Ucarro' sub-catchment
R.P. Silberstein, G.A. Bartle, R.B. Salama, T.J. Hatton, P. Reggiani, G. Hodgson, D.R. Williamson and P. Lambert (Wembley, Australia) 227
Integrating agroforestry and perennial pastures to mitigate water logging and secondary salinity
F.X. Dunin (Wembley, Australia) 259
The role of agroforestry and perennial pasture in mitigating water logging and secondary salinity: summary
N.C. Turner and P.R. Ward (Perth, Australia) 271
